there's no lack of ambition in the coverage! And I do really like the general tone and approach at the outset. So I wish I could be more enthusiastic about the book in general.

**Hedman: A First Course in Logic - Logic Matters**

Providing students with a more understandable introduction to logic

Download File

PDF A First

without sacrificing rigor, "A First Course in Logic" presents topics and methods in a highly accessible and integrated manner. By integrating and comparing topics throughout and using the same examples in different chapters, the author shows the utility and limitations of each method of logic.
