### Battle of the Beetles — M. G. Leonard

Battle of the Beetles was written by M.G. Leonard and first published in 2018. It forms the final part of the Battle of the Beetles Trilogy , following Beetle Boy (2016) and Beetle Queen (2017). As the novel carries on directly where previous instalments left off, I would strongly recommend reading them in sequence to have any idea of what is going on.

### Battle of the Beetles | Arkham Reviews

With a style reminiscent of all-time favourite Roald Dahl, M.G. Leonard has written an epic story of 3 kids battling it out with a scientist-gone-mad (and gone beetle along the way) and saving the world helped by their super-hero beetles. An adventure that will catch the imagination of even the grown up kids among us.

The site will find you a beetle within the tier based on your stats, and a battle will play out. The opposing beetle is chosen from players who have been online within the past seven days. If there are none to be found, an NPC beetle will be generated. After each battle, each beetle has a 15 minute cooldown before they can battle again. This only applies to the beetles who participated in the battle, so if you have more beetles to battle, you can use them instead!

Verified Purchase As with all of Mr. Ludvigsen's works, "Battle for the Beetle" is expertly researched and elegantly written.
