Stake offers a more refined definition of a case in his 1994 chapter "Seeking Sweet Water." See resource below. Stake identifies three types of case study: intrinsic case study, instrumental case study, and collective case study. An intrinsic case study occurs when the researcher has an intrinsic interest in the case.

## **Stake Case Study Understanding the Case — Rebecca West Burns**

Stake (1994) identifies three types of case studies: Intrinsic - aimed at understanding a particular case because the case itself is of interest (e.g. how one person managed a stroke). A case may be of interest because it has particular features or because it is ordinary.
