### Crossbow By Weider Exercises

Crossbow exercises are weight training exercises in which you use an all-in-one machine built by the company Weider. They are very similar to bowflex exercises and in fact were introduced as a response to the bowflex's success. The crossbow will allow you to perform over 65 weight training exercises, all using this single piece of fitness equipment.

For the uninitiated here's a quick summary of why the Crossbow is preferred by many to other forms of strength training equipment... Traditional weight machines restrict range of movement. In effect you fit around the machine whereas free weights fit around you. The Weider Crossbow is promoted as simulating a feel of free weights and customer testimonials seem to back this up.

### The Weider Crossbow Reviewed - Exercise Equipment Review

Rows - Works the back, shoulders, chest and biceps. An excellent compound exercise, recommended to intermediates and above. Leg Extension - Works the legs. Not a great exercise in my opinion, because it isolates the legs, making your total body workout last longer. Leg Curls - Works the hamstrings.
