There are several ways to develop or produce a film. Beginning with an idea, or the movie rights to an existing literary property, a studio can hire a writer to create a script. The studio's development staff works with the writer to craft the story. Note that most of the scripts developed by studios never get produced.

Here's some more good news: the vast majority of people who work in the film and television industry had no prior experience, no prodigy-like talent, and even fewer had an uncle with the last name of Coppola or Spielberg. Most people approached their entertainment career the same way you are, one day at a time. So, don't worry if the "big break ...
