we have noted, deviance is generally perceived to be disruptive in society. It can weaken established social norms, and create division and disorder. But it also has other functions which are not necessarily harmful and may actually be beneficial to society. It is one way that social change occurs. If a deviant act becomes more accepted it soon may be

Relation between Conformity, Deviance  
and Social Control! Conformity and

deviance are two responses to real or  
imagined pressures from others.

Conformity means going along one's  
peers—individuals of a person's own  
status.

norms. Deviance is a behavioural disposition that is not in conformity with an institutionalized set-up or code of conduct. Although deviance may have a negative connotation, the violation of social norms is not always a negative action; positive deviation exists in some situations. Although a norm is violated, a behavior can still be clas
