Envision Math is a product of Pearson Homeschool. The text appears to be a public school text book repackaged as a homeschool curriculum. I expect in the coming years we'll see Envision Math making a strong appearance in the Online and Charter School Market.

Envision Math Review - The Crafty Classroom

Envision a math program where every child counts. Data-driven differentiated instruction takes the guess work out of helping your child achieve. Program Components: Student Edition Worktext: The Visual Learning Bridge teaches math concepts step-by-step with purposeful, sequential illustrations while connecting learning activities and lesson exercises. The tear-'n-take tablet contains a workmat and recording space to support daily hands-on, interactive learning.

Envision Math - The Curriculum Store

Math programs designed for traditional schools generally are too expensive for home educators because teacher editions can cost more than \$100 each. Pearson has developed affordable grade level bundles of the enVisionMATH program (from their Scott Foresman/Addison Wesley division) by providing teacher's editions on CD-ROM along with print editions of the student textbooks.
