The law of trusts was constructed as part of "equity", a body of principles made by the Courts of Chancery, which sought to correct the strictness of the common law. The trust was an addition to the law of property , in the situation where one person held legal title to property, but the courts decided it was fair, just or "equitable" that this person

Trusts may be created by the expressed intentions of the settlor (express trusts) or they may be created by operation of law known as implied trusts. An implied trust is one created by a court of equity because of acts or situations of the parties. Implied trusts are divided into two categories: resulting and constructive.
