Grails In Action Second Edition

I've read both this book and the older Definitive Guide to Grails, Second Edition, and I'm happy to report that Grails in Action is both more concise and better-organized than that other (nonetheless excellent) tome. It is also slightly cheaper and, until Grails 1.2 is released (it's an early milestone as of this writing, so I wouldn't expect it to be production-ready before 2010), pleasingly up-to-date.

Grails - Learn

Groovy in Action, Second Edition is a thoroughly revised, comprehensive guide to Groovy programming. It introduces Java developers to the dynamic features that Groovy provides, and shows how to apply Groovy to a range of tasks including building new apps, integration with existing code, and DSL development.

Groovy in Action: Covers Groovy 2.4 2nd Edition - amazon.com

The part 2 of the chapter clearly explains the basic concept of grails like domain modelling, fast UI creation, data search etc. The good thing is that the book has sidebar , which gives tips and tricks. Then the part 2 is where things gets interested. It explains how plugins can make your application more secure.

Amazon.com: Customer reviews: Grails in Action

Grails Action, 2nd Edition is the complete introduction to Grail 2. In this fully revised version, you will master the grill by applying the TDD technique in a larger example (a Twitter clone). Along the way, you'll learn web application techniques on a single page, work with NoSQL backend, integrate enterprise messaging, implement a RESTful API ... and much more without any knowledge of Java or Grovi.

Learn Grails: Best Grails courses, tutorials & books 2020 ...

Grails In Action is an excellent introduction to Grails. The book starts in Chapter 2 with an example application you might write with Grails (a Twitter clone called Hubhub) and, by the end of that chapter, makes the reader realize he or she just wrote a usable Twitter clone, though one that is admittedly rough around the edges.

Grails in Action by Glen Smith - Goodreads

The answer is through testing! Throughout the first part of the book we used test cases to explain how bits of Grails work and to help you get into the testing habit. It's time to take stock and learn more about Grails' support for writing various tests so that your own projects can benefit from them.
