IAIDO - the way of the sword, is a martial art form that began as an off-shoot of kenjutsu. Iaido as we know it today probably began with Iizasa Choisai, the founder of the Tenshin Shoden Katori Shinto Ryu.

Longer Answer: The suffix -jutsu means 'practice of', the suffix -do means 'study of'. I have been taught by Japanese instructors who have used both or changed for emphasis. Historically, martial arts tended to be called something-jutsu because they taught you how to do something. After WWII these were banned for a period.

### What's the difference between Iaijutsu and Iaido?

For newcomers to the martial arts the art of Iaido is also known by the following other names: Iai Jutsu, Batto Do, Batto Jutsu and occasionally just Iai. Iaido will have a focus on kata (drills) and precision. Kenjutsu will have a more well-rounded set of skills that goes beyond just kata and gets into more general "this is how you fight with a sword". The Japanese military would train in Kenjutsu in WWII for the mental training and practicality of the technique (at least from what I understand).
