If you've been looking for a great place to find free audio books, Librivox is a good place to start.

Lifeblood Oil Freedom And The

In so doing he uses oil to retell American political history from the triumph of New Deal liberalism to the rise of the New Right, from oil's celebration as the lifeblood of postwar capitalism to increasing anxieties over oil addiction. Lifeblood rethinks debates surrounding energy and capitalism, neoliberalism and nature, and the importance of suburbanization in the rightward shift in American politics. Today, Huber tells us, as crises attributable to oil intensify, a populist clamoring ...

Lifeblood — University of Minnesota Press

Matthew T. Huber - Lifeblood: Oil, Freedom & the Force of Capital. For those of us battling for radical action on climate change the role of the fossil fuel corporations within capitalism is a key issue. How they operate, why they behave like they do, and their role in maintaining fossil fuel capitalism is central to understanding why states have failed to enact the sort of radical action that is required.

Mathew Huber's Lifeblood: Oil, Freedom, and the Forces of Capital offers a theoretically rich alternative explanation for 'oil addiction' in the USA. The received wisdom is that the dependency of the US economy on cheap oil stems from cabals of powerful political actors, or collective imperatives of imperialism, or even rampant conspicuous
