Mathematics as an Educational Task | Hans Freudenthal ...

Freudenthal had a
strong belief that

Download Free Mathematics As An Educational

mathematics is a human activity, that is, that mathematics is a process. He disliked what he referred to as the “anti-didactical inversion,” that in traditional mathematics instruction, the results of the mathematical activity of others is taken as a starting point, rather than teaching the activity itself.

Cognitively demanding (rich) math tasks are great tools to engage students in the CCSS Standards of Mathematical Practice while building content knowledge. They're also a wonderful formative assessment tool. What do we mean by cognitively demanding mathematics tasks? You'll find many definitions with varying
