Saxophone->Instruction and study, Brass, Woodwinds, Reeds ...

Saxophone technique refers to the physical means of playing the saxophone. It includes how to hold the instrument, how the embouchure is formed and the airstream produced, tone production, hands and fingering positions, and a number of other aspects. Instrumental technique and corresponding pedagogy is a topic of much interest to musicians and teachers and therefore has been subjected to personal opinions and differences in approach. Over the course of the saxophone's performance history ...

Saxophone technique - Wikipedia

Basic Jazz Exercises for the Saxophone The prospect of being able to play comfortably in all 12 keys at a high level can be extremely intimidating. Having a step-by-step systematic approach can make it less so. A logical and necessary first step is to feel comfortable playing all of your major scales.

Jazz Exercises for the Saxophone: An Introduction to ...

Hi! I'm Matthew Smith, the owner of SAXOPHONE Studies, where sax players come to learn how to create incredible sounds. For as long as I can remember, I've been obsessed with the sound the saxophone makes. From the first time I heard Coleman Hawkins 'growl', I just knew I had to enter this amazing world of sound.
