2017 Nissan Frontier | Owner's Manual and Maintenance ...

I had this service done at a local shop and they put 80w/90 GL-4 in it and assured me it would "work the same". I immediately experienced stiffness in the shift lever, particularly from 1st to 2nd. I drained this fluid right away and replaced it with the Nissan 75w/85 Manual Transmission Fluid. I did the work myself.

Gear Lube for 6-Speed Manual Transmission - Nissanhelp.com ...

If the transmission fluid level in your Frontier is low, you need to add transmission fluid through the dipstick tube. When adding transmission fluid to your Frontier, be sure to add it slowly as it will fill up quickly and is difficult to remove excess fluid if you overfill.

Transmission Fluid Level Check Nissan Frontier (2005-2019 ...

This procedure will be the same to 2005 and up Nissan Frontier and Xterra models. It requires a GL-4 gear oil so I use almost four and half quarts of 75w-90 GL-4 gear oil for manual transmissions...

2009 Nissan Service and Maintenance Guide

If the transmission fluid level on your Frontier is low, you need to add fluid through the dipstick tube. Nissan has been developed sophisticated transmissions through years and it is critical that you add the exact type of transmission fluid stipulated by your owner's manual (typically in the back of the manual in a section titled Fluid Capacities.) When adding transmission fluid to your Frontier, be sure to add it slowly as the transmission fluid capacity is reached quickly and it is ...

2019 WARRANTY INFORMATION BOOKLET - Nissan USA

If you own a 2005-2010 Nissan with the automatic transmission watch out it is only a matter of time before every one of these transmissions fail."

2006 Frontier Owner in MO "Owned this 2007 Nissan Pathfinder for 3 years. Transmission just went out because radiator leaked coolant into the transmission and ruined it.

Coolant leaks are destroying Nissan transmissions at an ...

A transmission flush is usually twice the value of a fluid change due to the amount of time the service takes and the fact that the flush not only replaces the fluid in the pan but also removes fluid from the cooler lines and extra parts of your transmission. A Nissan Frontier transmission flush also uses about 10 quarts of fluid to completely clean and flush out the system.
