Engine test stand plans completed! - YouTube

Here is a compact adjustable engine stand I made. Largest engine I have is a VV 21 cc. It will go a bit wider. The engine is pinned in place. Plus tabs on the hold down plates keep the engine in place. If I ever get a rear mount engine I will make an adapter to go with it. The fuel tank is adjustable up-down left-right.

Homemade Engine Run Stand. Raw materials as picked up from MetalSupermarkets.com. They have a reasonably local office about 15 minutes away, and the owner is really cool. Doesn't charge me for cuts as long as there aren't too many. All prices are by weight, so having them cut square tubing to size is real convenient.

Homemade Engine Run Stand - Frederic J. Breitwieser Jr.

This also makes mounting a new engine easy as I can set it up using the drill press and workbench and then attach the assembly to the test stand as a single unit. I do still drill holes in the fixed rear plate for the throttle pushrod if necessary, but these are quite a way from the 1/4-20 fasteners in the corners that hold the sandwich together.
