Merely said, the slideology is universally compatible like any devices to read.

Much of its collection was seeded by Project Gutenberg back in the mid-2000s, but has since taken on an identity of its own with the addition of thousands of self-published works that have been made available at no charge.

There's an art and science to creating great presentation slides and Slide:ology gives you insight into both. When making presentations, you need to think visually. However, most organizations don't train people in thinking like a designer and we certainly don't learn visual language in school the way we
