If you're like many other people, you probably make a resolution or two at the beginning of each year to try to improve yourself in some way--get a promotion, start a family, get in shape--things of that nature. And if you're like many other people, that resolution probably becomes history by January 15th. However, this common focus on self-improvement derives from our desire to be in the ...

Goal setting is a helpful way to build the career you want. By setting objectives and creating a clear roadmap for how you'll reach your intended target, you can decide how to apply your time and resources to make progress. Without goals, it can be difficult to determine how to get a certain job, promotion or other milestones you want to achieve.

SMART Goals: Definition and Examples | Indeed.com

Setting boundaries is an important part of establishing one's identity and is a crucial aspect of mental health and well-being. Boundaries can be physical or emotional, and they can range from being loose to rigid, with healthy boundaries often falling somewhere in between.

Many have been outraged by this book especially since its author's views on other issues have been adopted by the American Medical Association. A book that counters these views and sounded the alarm almost 2 decades ago is Set No Limits: A Rebuttal to Daniel Callahan's Proposal to Limit Health Care for the Elderly. Something wicked this way comes.
