The Birth of Plenty: How the Prosperity of the Modern ...

The Birth of Plenty is an history of the world expressed in economic terms. Bernstein argues that in order to prosper, a country must possess four main attributes: property rights, the scientific rationalism, capital markets and an effective means of transportation and communications. After establishing these as the basic requirements for economic success, the book examines the historical progress of a number of countries both with and without these attributes.

The Birth of Plenty - Wikipedia

The Birth of Plenty takes a fascinating new look at the key conditions that had to be in place before world economic growth--and the technological progress underlying it--could occur, why those pathways are still absent in many parts of today's world, and what must be done before true, universal prosperity can become a reality.
