The Clinical Diary Of Sandor

This "clinical diary" charts with candor, disarming simplicity, and stunning lucidity the thought process of Ferenczi as he discusses his patients, Freud, his own interesting experiences of countertransference, and his highly original and (especially for their time) unconventional notions regarding the psychoanalyst's rightful and appropriate levels and types of engagement with patients.

The Clinical Diary of Sándor Ferenczi by Sándor Ferenczi

In a sequence of short, condensed entries, Sándor Ferenczi's Diary records self-critical reflections on conventional theory—as well as criticisms of Ferenczi's own experiments with technique—and his obstinate struggle to divest himself and psychoanalysis of professional hypocrisy. From these pages emerges a hitherto unheard voice, speaking to his heirs with startling candor and forceful originality—a voice that still resonates in the continuing debates over the nature of the ...
