Table of Contents: The skin that we speak

Delpit states that our skin is the appearance of our contact with the rest of the world: "a means to negotiate our interactions . . . how we perceive our surroundings and [how others] perceive us" (p. xvii). The appearance and the looks we possess create expectations as to whether we are clever or not.

A Reflection on 'The Skin That We Speak: Thoughts on ...

Exploring the connections between language, race, identity, and school success, *The Skin That We Speak's* thirteen essays delve into how speakers of "nonstandard" English—mostly varieties of African-American dialects, or Ebonics—view themselves, how schools have often perpetuated the educational inequities of African American and other children, and how educators can create the best frameworks to honor students' language and identity.

The Skin that We Speak: Thoughts on Language and Culture ...

At a time when children who don't speak formal English are written off in our schools, and when the class- and race-biased language used to describe those children determines their fate, *The Skin That We Speak* offers a cutting-edge look at this all-important aspect of education.
