Armoured warfare or armored warfare (American English; see spelling differences), mechanised warfare or tank warfare is the use of armoured fighting vehicles in modern warfare. It is a major component of modern methods of war. The premise of armoured warfare rests on the ability of troops to penetrate conventional defensive lines through use of manoeuvre by armoured units.

Paria Canyon Hike Basics. While there are three different starting trailheads for Paria Canyon, most people choose to do a one-way hike from the White House Trailhead near the Paria Contact Station and finish at Lee's Ferry. This route is 38 miles long and gradually loses 1,130 feet in elevation over the course of the trip.
