In addition, here are 15 engaging activities, developed by teachers, to support the Zones of Regulation in your classroom. 1. Play an emotions matching game. Students match cards by color or number in this UNO-esque game. Each card has a discussion question, and students role-play the answers. Great for reinforcing emotion-regulation skills.

Use this printable map with your students to compare time differences and visualize the boundaries of time zones around the world. The Canadian engineer and inventor Sir Sandford Fleming first suggested Universal Standard Time in the late 1800s and we have used that comprehensive system ever since.
