Tinkering: Kids Learn by Making Stuff by Curt Gabrielson ...

“From the dawn of time, whenever humanity has wanted to know more, we have achieved it most effectively not by removing ourselves from the world to ponder and theorize, but rather by getting our hands dirty and making careful observations of real stuff. In short, we have learned primarily by tinkering.” — 2 likes

By Making Stuff, which celebrates science and learning through fooling around. Throughout history, people have had to go great lengths to get permission or get around laws and tinker with dead people.

Build This Model Arm and Explore Human Tinkering | Make:

A century ago, tinkering, engineering devices, and making things in classrooms was the norm. Today, it's more often than not the exception (but that's changing every day). In their book, *Invent to Learn*, Sylvia Libow Martinez and Gary Stager want to bring hands-on learning back and offer dozens of ways to help make it happen.
