The kits work well with the larger bikes such as, any 1984 and up Harley Davidson, Yamaha Roadstar, Roadliner and Stratoliner, or 1988 and up Honda Valkyrie, Goldwing or VTX. Our trike kits can be easily adapted to fit all belt or chain driven motorcycles as long as the bike has enough power to pull the kit.

Continental. You can think of this car as a kind of trike-in-a-box; it utilizes a 4.6L modular V8 capable of putting huge power to the ground, an A4XN four speed automatic overdrive transaxle configured so that the axles exit behind the engine and a strut suspension that will easily adapt to rear-drive usage.
