Women Fire And Dangerous Things
From one useful perspective, the human (mammalian) brain is generator of classifications, creating (realizing) neural connections between associated items encountered in the world. "Women, fire, and dangerous things," for example, represent a cluster of related objects in the experience of one culture.

Amazon.com: Women, Fire and Dangerous Things: What ...
Women, Fire, and Dangerous Things: What Categories Reveal About the Mind is a non-fiction book by the cognitive linguist George Lakoff. The book, first published by the University of Chicago Press in 1987, puts forward a model of cognition argued on the basis of semantics.

Women, Fire, and Dangerous Things - Wikipedia
The title refers to Dyirbal, an native Australian language, where women, fire and dangerous things all end up in the same category, Balan. I just looked this up, to check that I remembered correctly why the Hairy Mary Grub is also Balan. You see, it gives you a painful rash that feels like sunburn, and sunburn is of course related to the sun, and

Women, Fire, and Dangerous Things: What Categories Reveal ...
Women, Fire, and Dangerous Things: What Categories Reveal about the Mind Focusing on studies of how humans categorize objects and ideas, this classic cognitive science book examines the new understanding of human thought which proposes that human reason is imaginative, metaphorical, and intrinsically linked with the human body.

Women Fire and Dangerous Things « George Lakoff
The Importance of Categorization Many readers, I suspect, will take the title of this book as suggesting that women, fire, and dangerous things have something in common-say, that women are fiery and dangerous. Most feminists I've mentioned it to have loved the title for that reason, though some have hated it for the same rea- son.

Women, Fire, and Dangerous Things
Lakoff's Women, Fire, and Dangerous Thingsis a treasure trove of linguistic examples and a carefully developed model of cognition argued on the basis of semantics. His experientialismplaces the human act of cognition in the center; his brilliantly presented result is that cognition is vitally dependent

Women, Fire, and Dangerous Things - Social Sciences
Dyirbal has a category called balan that indeed includes women, fire, and dangerous things. However, it also includes many non-dangerous things like bandicoots, echnidnas, and the stars. From Plaster, Keith and Maria Polinsky. 2007 Women are not dangerous things: Gender and categorization
