4 Would Trotsky Wear a Bluetooth? Socialist leaders were convinced that the performance of technology under socialist circumstances-as Marx would say, with socialist productive relations-would far outdistance that under capitalism. They largely viewed technology as value-neutral, independent of the system in which it was created.

## **Would Trotsky Wear a Bluetooth? Technological Utopianism ...**

In chapter 1 I answer the rhetorical question about whether Trotsky would wear a Bluetooth. Yes, Trotsky believed that the embrace of advanced technology was the path to communism. It would raise industrial production, overcome the abyss between city and countryside, and promote a modern worldview among the peasantry.
